**CATHOLICS NOW HAVE A NEW PLACE TO SHARE THEIR FAITH  
Kiinga Launches Interactive Social Networking Website for Catholic friends**

**Kitchener, Ontario (FPRC) August 25, 2009** -- Kiinga is pleased to announce the launch of [www.Catholic-Club.org](http://www.Catholic-Club.org), a social networking website and online community that allows Catholic and Christian friends to share photos and videos, create and manage interests groups, and meet friends from around the world.

A free service for everyone, Catholic Club is set out to specifically target the Catholic population currently underserved by popular social networks.

“For a few years now, people have loved to use the popular social networks to gain friends, share media, and speak up their mind. Although these sites are great for mainstream, they tend to offer a general view of the world thus lacking focus on specific subject.” states Dan Duran, President of Kiinga. “Catholic Club on the other hand, is designed with the Catholic faith in mind. All Catholics now have a place where they can create apostolic groups for their churches, share their ideas and profound testimonies, and meet like-minded friends from around the world.” he continues. From bible study to youth groups, Catholic Club allows people easily invite and import friends from the main social networking sites. Users can also:

- Search for Catholic friends who want to talk online
- Meet singles who share the same faith
- Create interest and apostolic groups for their churches, schools and other social settings
- Share with Catholic churches, priests, and Catholic communities from around the world
- Act as Matchmakers by connecting their friends with other friends
- Keep in touch with their family and friends from remote locations
- Leave prayers for others to see and pray for

Catholic Club takes the Web 2.0 idea to a new level, where people can communicate to other members, share photos and videos, post blogs, and write news and prayers. We invite our all our Catholic and Christian friends and sympathizers to join and create their profile. Go to [www.Catholic-Club.org](http://www.Catholic-Club.org) today!

**About Kiinga**

Kiinga provides web solutions, kind of like the other guys. Except we don't "dumb down" our capabilities. We take a powerful tool like Joomla and turn it into a complete online adventure for you and your customers. The type big companies spend big money on. Plus we give you training and all the support you need to keep your Joomla-based site vibrant, secure, and up-to-date. We make web development simple, nice, and affordable (and a little fun too). Visit us at [www.kiinga.com](http://www.kiinga.com).
